## FUND DESCRIPTION

This is a passively managed equity fund that aims to achieve US market equity returns on a consistent basis. We achieve this by investing in the same equity stocks as those of the index in the same weightings. This removes the risk of poor stock choice. It is suitable for investors who will accept the ups and downs that come with investing completely in equities in order to improve potential return.

**Warning: If you invest in this product you may lose some or all of the money you invest.**
