

New World fund series

(Responsible invested
Article 8 range)

Irish Life and ILIM are committed to Responsible Investing and helping our clients on their own sustainability journeys.

As part of this commitment to deliver investment solutions which best meet the needs of our clients, we are continuing to expand our range of investment solutions which take account of sustainability issues like climate change, ensuring we have a positive impact on the planet.

We are pleased to formally launch our **New World fund series** – our range of asset-class specific funds which support and enable a better world while prioritising the risk and return needs of our clients. These funds also underpin our full breadth of multi-asset solutions – EMPOWER, MAPS, REPS and FORUM.

As part of this launch, we have now changed the names of some of our existing Responsible Invested funds to align with the New World fund series. Name changes had already occurred within our UCITS range, but you will now see the following names across all ILIM fund structures and client reporting from 31 December 2023 onwards.

Original fund name	New World fund series
Sustainable Equity Fund	New World Indexed All Country Equity Fund
Sustainable Emerging Market Equity Fund	New World Indexed Emerging Market Equity Fund
Sustainable Developed Market Equity Fund	New World Indexed Developed Market Equity Fund
Sustainable Euro Corporate Bond Fund	New World Indexed Euro Corporate Bond Fund
Global Aggregate ESG ex USD-Securitised Bond Fund	New World Indexed Global Aggregate ex USD-Securitised Bond Fund
Indexed ESG Emerging Market Debt Local Currency Fund	New World Indexed Emerging Market Debt Local Currency Fund
Indexed ESG Emerging Market Debt Hard Currency Fund	New World Indexed Emerging Market Debt Hard Currency Fund

The funds are all Article 8 and form the cornerstone of our responsibly invested range.
